

Session Five Evaluation Form**Integrating the Movements & Gestures**

Assignment Number 5: The Speaker is to Integrate body language into their presentations in a way that brings their story to life and adds credibility while allowing audience members to know, like, and trust them as a Speaker. The message you see should be the same one you hear. The speech must have a clear purpose and present a logical flow of information. The speaker must use words and arrangements of words that effectively communicate his or her message to the audience. Please provide your answers to the questions below. Add your comments for those items deserving praise or specific suggestions for improvement.
